

08131.TXT

Allow containers to cool in order to avoid product decomposition and generation of substances which might injure the health and be dangerous for safety reasons. wear the fire equipment all the time.

Safety data sheet: BRERA ACRYLIC                      08131                      - 2 -  
 Printed on ..... 3.09.2000                      Revision n.                      6 Dated 3.09.2000

#### 6. Accidental release measures

Limit the spreading of the spillage with inert absorbent material (sand, earth etc). Neutralize and remove as far as possible the treated mass; wash the remainder with plenty of water.

#### 7. Handling and storage

Make sure that equipment is available for cooling the vessels, to prevent the danger of overpressure and overheating in the event of fire in the vicinity. Refer to the other sections of this data sheet for information relating to health and environmental risks.

#### 8. Exposure controls/personal protection.

Follow the good industrial hygiene practices adopting suitable individual protective measures such as gloves and overalls. Do not eat or smoke while handling the product. Wash hands before eating and at the end of the work shift. Periodic health controls are recommended at the discretion of the doctor.

#### 9. Physical and chemical properties

Appearance .....	Paste
Colour .....	Light ocre
Odour .....	Slightly ammoniacal
pH .....	8,5-9
Flash point .....	> 56°
Solubility .....	Insoluble, dilute with water
Viscosity .....	24000 cps
Specific gravity.....	20°                      1,200 kg/l 0,2

#### 10. Stability and reactivity

The product is stable in normal conditions of use and storage. In the event of thermal decomposition or fire, vapours potentially dangerous to health may be released.

#### 11. Toxicological information

No episodes of damage to health following exposure to the product have been reported. In any case it is advisable to operate according to good industrial hygiene practices.
