

**02006-1261**

## Material Safety Data Sheet

WINSOR &amp; NEWTON GALERIA

WHITE GESSO PRIMER

## Section I

ColArt Americas In  
 Constitution Avenue  
 Piscatawa  
 New Jersey 08855-139

Emergency telephone number : 1-800-628-338  
 Telephone number for information : 732-562-0770

Date prepared 09/10/2006

## Section II Hazard Ingredients/Identity Information

| Hazardous Components | CAS No. | OSHA PEL | ACGIH TLV |
|----------------------|---------|----------|-----------|
| None                 |         |          |           |

## Section III Physical/Chemical Characteristics

|                       |   |                  |             |
|-----------------------|---|------------------|-------------|
| Boiling Point:        | > 100 °C                                    | Specific Gravity | 1.35        |
| Vapour pressure:      | ca.17mm Hg                                  | Melting Point:   | n/a °C      |
| Vapour density:       | as water                                    | Evaporation rate | BuAc=1 0.36 |
| Solubility in water : | Dilutable                                   |                  |             |
| Appearance and odour  | White paste.Slight ammoniacal/monomer odour |                  |             |

## Section IV Fire and Explosion Hazard Data

|                                    |   |            |                  |          |          |
|------------------------------------|---|------------|------------------|----------|----------|
| Flash Point                        | n/a °C  | closed cup | Flammable limits | LEL: n/a | UEL: n/a |
| Extinguishing Media                | Use media appropriate to surrounding conditions.      |            |                  |          |          |
| Special Fire Fighting Procedures   | Wear self contained breathing apparatus               |            |                  |          |          |
| Unusual Fire and Explosion Hazards | May spatter above boiling point. Dry films will burn. |            |                  |          |          |

## Section V Reactivity Data

|                          |                                      |     |                       |      |
|--------------------------|--------------------------------------|-----|-----------------------|------|
| Stability :              | Unstable :                           | no  | Conditions to avoid : | none |
|                          | Stable :                             | yes |                       |      |
| Incompatibility:         | Acidic media                         |     |                       |      |
| Hazardous Decomposition  | Carbon oxides, monomer fumes in fire |     |                       |      |
| Hazardous Polymerisation | none                                 |     |                       |      |

**Section VI Health Hazard Data**

|  |                                |                                     |   |                                     |            |                                     |
|--|--------------------------------|-------------------------------------|---|-------------------------------------|------------|-------------------------------------|
| Route of Entry   | Inhalation?                    | <input checked="" type="checkbox"/> | Skin?                                     | <input checked="" type="checkbox"/> | Ingestion? | <input checked="" type="checkbox"/> |
| <b>Health Hazards:</b>   |                                |                                     |   |                                     |            |                                     |
| Residual monomer and ammonia may be irritating to eyes and respiratory system. |                                |                                     |   |                                     |            |                                     |
| May cause headache, nausea and skin irritation.                                |                                |                                     |   |                                     |            |                                     |
|  |                                |                                     |   |                                     |            |                                     |
| Carcinogenicity :  | NTP:                           | n/a                                 | IARC Monographs:                          | n/a                                 |            |                                     |
|  | OSHA Regulated                 | n/a                                 |   |                                     |            |                                     |
|  |                                |                                     |   |                                     |            |                                     |
| <b>Signs and Symptoms of Exposure</b>  |                                |                                     | Irritation of eyes and respiratory system |                                     |            |                                     |
| <b>Medical Conditions aggravated by exposure</b>                               |                                |                                     | Pre-existing skin/respiratory disorders   |                                     |            |                                     |
| <b>First Aid Procedures</b>  |                                |                                     |   |                                     |            |                                     |
| <b>Eyes:</b>   | Wash with water for 15 minutes |                                     |   |                                     |            |                                     |
|  | Get medical attention          |                                     |   |                                     |            |                                     |
| <b>Skin:</b>   | Wash off with water            |                                     |   |                                     |            |                                     |
| <b>Inhalation:</b>   | Remove to fresh air            |                                     |   |                                     |            |                                     |
| <b>Ingestion:</b>  | Give water to drink            |                                     |   |                                     |            |                                     |
|  | Get medical attention          |                                     |   |                                     |            |                                     |

**Section VII Precautions for Safe Handling and Use**

|  |                                |
|--|--------------------------------|
| <b>Steps to be taken if material is spilled</b>        | Absorb on inert substrate      |
| Sweep up immediately                                   |                                |
| <b>Waste Disposal Method</b>                           | According to local regulations |
| <b>Precautions to be taken in Handling and Storage</b> |                                |
| Normal hygiene   |                                |
| Avoid unnecessary personal contact                     |                                |
| Avoid extremes of temperature                          |                                |
| <b>Other precautions</b>                               | None                           |

**Section VIII Control Measures**

|                                   |                                    |
|-----------------------------------|------------------------------------|
| <b>Respiratory protection</b>     | Not normally required              |
| <b>Ventilation</b>                | Ensure good extraction/ventilation |
| <b>Local exhaust</b>              | Not normally required              |
| <b>Mechanical</b>                 | Not normally required              |
| <b>Protective gloves</b>          | Not required                       |
| <b>Eye protection</b>             | If handling large quantities       |
| <b>Other protective equipment</b> | Protective clothing                |
| <b>Work/Hygenic Practices</b>     | Avoid contact with skin and eyes   |
|                                   | Avoid inhalation                   |

This product has been evaluated by a toxicologist and is labeled for acute and chronic health hazards in conformity with the Labeling of Hazardous Art Materials Act and Federal regulation 16 CFR 1500.14 of the Federal Hazardous Substances Act.

This product conforms to ASTM D4236 Standard Practice for Labeling Art Materials for Chronic Adverse Health Hazards
