12. ECOLOGICAL INFORMATION.

Ground: following physical and chemical properties, the product is little mobile in the ground.
Water: not soluble. The product spread at superficially water.

13. DISPOSAL CONSIDERATIONS.

Do not allow into drains or water courses.
Waste and empty containers must be disposed according to local regulations. Dispose of this material and its container at hazardous or special waste collection point.

14. TRANSPORT INFORMATION.

These products are not regulated.

15. REGULATORY INFORMATION.

In accordance with European Directive 1999/45/CE:
Danger classification:
Xi: Irritant
R-sentences: R 43 May cause sensitisation by skin contact
S-sentences: S2: Keep out of the reach of children.
S24: Avoid contact with skin.
S37: Wear suitable gloves.

16. OTHER INFORMATION.

May cause sensitisation by skin contact

The information of this MSDS is based on the present state of our knowledge and on current national laws, as the users’ working conditions are beyond our knowledge and control. The product is not to be used for other purposes than those specified under section 1 without first obtaining written handling instruction. It is always the responsibility of the user to take all necessary steps in order to fulfil the demand laid down in the local rules and legislation. The information in this MSDS is meant as a description of the safety requirements of our product: it is not to be considered as a guarantee of the products’ properties.
