Material Safety Data Sheet

Hazardous Materials Information System
(HMIS) F=2 R=0 H=See MSDS

This form is regarded to be in compliance with 29 CFR 1910.1200

SECTION 1 : IDENTIFICATION

Manufacturer's Name: **Yaley Enterprises**
 Address: 7664 Avianca Drive
 Redding, California 96002
 Telephone: (530)365-5252
 Fax (530)365-6483
 Business Telephone: (530)365-5252
 24 Hour Emergency Contact - CHEMTREC: 1-800-424-9303
 1-703-527-3887
 (International Collect)

Product Name: HOLIDAYS AT HOME CND/SOAP FRG #165117-1297
 Chemical Family: Proprietary Mixture
 C.A.S #: Not Applicable

SECTION 2 : PHYSICAL DATA

Specific Gravity 25/25: 0.9684
 Vapor Pressure: <1 mmHg @ 20°C approx
 Odour: Fragrant
 Solubility in Water: Negligible (0.1%)
 Boiling Point: N.A.
 Physical State: Liquid
 Vapor Density [Air=1]: > 1

SECTION 3 : FIRE AND EXPLOSION HAZARD DATA

Flash Point (Closed Cup F): = 141°F
 NFPA Flammability Code: 2
 Extinguishing Media: [] Water [X] CO2 [X] Dry Chemical [X] Foam [X] Water Fog
 Special Fire Fighting Procedures: None Known
 Unusual Fire and Explosion Hazards: None Known

SECTION 4 : REACTIVITY DATA

Stability: Presents no significant reactivity hazard. Not pyrophoric nor reactive with water. Usually stable even at elevated temperatures and pressures.
 Incompatibility (materials to avoid): Avoid strong oxidizers
 Hazardous Combustion or Decomposition Products: Burning liberates CO, CO2 and smoke. Does not form explosive mixtures with organic materials. Does not undergo explosive decomposition and is shock stable. Is not an explosion donor.
 Hazardous Polymerization: Will not undergo spontaneous exothermic polymerization
 NFPA Reactivity Code: 0

SECTION 5 : SPILL OR LEAKAGE PROCEDURES

Cleanup of spills or accidental release of material: Flush with water or soak up with suitable absorbant.
 Waste Disposal Methods: Incineration or sanitary landfill in accordance with local, state and federal regulations and consistent with good ecological practices.

SECTION 6 : SPECIAL PROTECTION INFORMATION

Respiratory: None required
 Ventilation: General mechanical
 Protective Gloves: Oil-resistant if skin contact is anticipated
 Eye Protection: Splash proof goggles if handling methods warrant them
 Other Protective Equipment: None required

SECTION 7 : EMERGENCY AND FIRST AID PROCEDURES

Eye (contact): In the event of accidental contact with eyes, irrigate with copious amounts of water; If irritation persists obtain medical advice.
 Skin (contact): Remove contaminated clothing. Flush exposed area with copious amounts of water. Wash with mild soap and water. Material may remove some of the natural oils in the skin. If irritation persists obtain medical advice.
 Ingestion (swallowing): In the event of accidental ingestion, rinse mouth with water. Give up to a tumbler (half pint) of milk or water. Obtain medical advice immediately.

SECTION 8 : EXPOSURE DATA

Primary Route of Exposure : Skin Contact

OSHA PEL: Not determined

ACGIH TLV ...: Not determined

Material does not exist on any known list of carcinogens such as NTP, IARC or by OSHA, nor does it contain any carcinogens found in these lists.

SECTION 9 : HEALTH HAZARDS

The identity of the individual components of this mixture is proprietary information and is regarded to be a TRADE SECRET. In accordance with 29 CFR 1910.1200 we have to assume that the mixture presents the same health hazards as the individual components when they are present at greater than 1% concentration.

Listed below are the health hazards of all materials present over 1% concentration and that undiluted have health hazards associated with them. Please note that not all components of the mixture have health hazards associated with them. In the event of a medical emergency the identity of all the components will be divulged to a qualified health professional.

The following effects were concluded as a result of animal laboratory testing of one or more of the individual components. The relevancy to the mixture as a whole or to humans is unknown. Excessive exposure may cause similar effects:

- Repeated daily oral dosing of large amounts to laboratory animals caused liver damage.
- Repeated daily oral dosing of large amounts to laboratory animals caused reproductive effects.
- Caused lung and kidney tumors to laboratory animals when administered by stomach tube. Similar effects not seen in humans.

The following effects were concluded as a result of human testing and observation of one or more of the individual components.

- Liquid may be irritating to the skin and eyes.
- Vapor is irritating to the throat and lungs.
- Repeated contact may cause allergic dermatitis.
- Eye irritant.

Reportable under SARA Title III Notification

This product contains the following toxic chemicals that are subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments Reauthorization Act of 1986 and 40 CFR part 372:

This mixture does not contain any toxic elements

The information and recommendations in this data sheet are believed to be correct and reliable. However, the data sheet is offered for consideration and verification by the user and offers no guarantee, warranty or representation as to its accuracy or completeness of data.
